Description

Omega pocket watch, c1920. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name and the serial number 5,540,670 dates it back to around 1920. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by Fahys, a New York based case maker. Joseph Fahys & Co was a high quality watch case maker with headquarters in New York. The company was founded in 1857 by Joseph Fahys, a French emigrant, and the company supplied Omega with cases at the beginning of the 20th Century. The acrylic lens is in good condition. The signed dial has a patch of faint hairline cracks between 12 and 1 but they are quite faint. The watch comes in a new presentation box.
