Description

Rare 1960s silver Bucherer-Credos 'Night & Day' wrist watch. The watch has two Swiss 17-jewel hand-winding movements, calibre ETA 2412, which are working nicely. The watch measures 39mm high and 23mm wide. The case is 800 silver and there are Swiss hallmarks to the back of the case, including the 800 purity grouse mark. Overall the case is in good condition, just some surface marking to the back but not too detrimental. The curved lens is in good condition. The dials are in lovely original condition. The white dial is signed and has Roman numerals from I to XII, while the blue lower dial has 13 to 24. A new leather strap has been fitted. The watch comes with a new leather strap.
