Description

Antique Waltham Traveler full hunter pocket watch, 1900. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 10,117,118 dates it back to 1900. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is gold plated and was made by the Dennison Watch Case Company, this English company made the majority of cases for Waltham UK. The overall condition of the case good, just a little rubbing to the edge of the case back and the odd minor mark, but nothing serious at all. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed dial is in lovely condition and has original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
