

SA694136

1920s pocket watch and chain

Price

Sold**Item Reference: SA694136****Date of manufacture: 1920**

Description

1920s pocket watch and chain. The watch has a stem-winding movement which is working nicely. The watch measures 53mm diameter excluding the winding crown and the loop. The case is nickel and it is in good condition, just a couple of slight indentations to the back. The bezel and case back are screw-on fitting which is a good sign of quality. The watch glass is in lovely condition. The dial has blued steel hands, a subsidiary seconds dial and an outer minute track. There are a few hairline cracks but they are fairly faint. The watch comes with a single chain, 26cm long. There is also a 1935 nickel and enamel fob celebrating George V's silver jubilee. The watch and chain come in a new presentation box.
