Description

This stunning pair of antique wooden boot lasts which come in 3 parts to each foot - the heel, front and middle have an adjustable hinged bottom section that moves up and down by screwing the top bar. This helps the last slip into the boot easier and then tightens. They are stamped with an L or R to each section and with the maker's mark to the top - Edinburgh. The wood has aged beautifully and has a wonderful rich patina. Weight: 1482 g. Condition: In very good used antique condition with some signs of use in keeping with age. A few light marks, scuffs, dents and chips leaving a wonderful patina. Just the boot lasts are included and all other items are for scale only.
