Description

This antique George III mahogany chest of drawers has delightfully small proportions & is in excellent original condition. I would date it to around the 1810-20's & we believe the handles are original too. The drawers are graduated in depth & they all have locks. It didn't come with any keys & quite frankly I don't advice locking drawers when the locks are this old. There is a little bit of ebony inlay on the sides. This chest of drawers has splayed feet on an apron shaped base. We have just had it polished with a few minor repairs. It's very hard to find good honest period chests this narrow in width. Width – 21 inches, 53 cm Depth – 14 inches, 36 cm Height – 29 inches, 74 cm
