Antique Cyrus full hunter pocket watch by Thommen

Price

Sold**Item Reference: SA695454****Date of manufacture: 1910**

Description

Antique Cyrus full hunter pocket watch by Thommen. The watch has a Swiss stem-winding movement, with swan neck regulator, which is working nicely... the movement does click occasionally when being wound but it does not affect the performance. The movement is signed Cyrus GT. The brand name Cyrus was first registered by Fabriques d'Horlogerie Thommen SA in 1897. The movement is protected by an inner hinged cover. The watch measures 52mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the English watch case maker Aaron Dennison, a prolific manufacturer of cases for various watch makers. The case is in good condition, just a small slight indentation to the front cover. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The dial is in lovely condition. The hands are pin-set. The watch comes in a new presentation box.
