Description

Late Georgian set of solid mahogany, breakfront shaped, hanging wall shelves of a really pleasing design. They are a really nice shape and have 3 finely turned uprights to each shelf at each side with small turned patera to the top. There are three shelves in total and the set has period brass hanging plates to the top. The shelves are in good condition except there is a small nick off one of the patera on the top. The shelves have their original finish and patination and are a nice colour. SIZE; 30" wide by 7" deep by 18" high CIRCA; 1820 - 1830
