## Description

A continental hand painted and ivory late 18th Century fan which has been later framed. I purchased this from the deceased estate of a gentleman who had spent a lifetime collecting Florentine antiques, and this piece does have an Italianate look. The fan is not perfect with some gilding discoloured and a small tear on one of the folds. However, overall it is pleasing and very decorative. We can deliver free of charge in UK. Internationally we would calculate the cost to buyer. Payment by Paypal or bank transfer,
