Depth = 27 cm (10.6")

Description

This attractive early 20th Century Pendant Light, with a Moonstone and Gilt Metal Collar and Milk Glass Bowl, dates from circa 1910. The Bowl is marked JEFFERSON 481 in relief to the edge. As there are no chains with the light the photographs show a temporary hanging method. There are some chips, nibbles and manufacturing faults to the top rim of the Bowl where it fits in the collar. These are not seen when in place. Diameter of collar: 10.5 inches (27 cm) Diameter of Bowl: 10 inches (25 cm) Delivery within the UK is included. We are happy to quote for Overseas Postage.
