

SA696870

Antique Waltham pocket watch, 1901

Price

Sold**Item Reference: SA696870****Date of manufacture: 1900**

Description

Antique Waltham pocket watch, 1901. The watch has a 15-jewel stem-winding movement, 620 grade, which is working nicely. The movement has beautifully patterned plates which are fully signed and the serial number 10992495 dates it back to 1901. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and it is in good condition, just a small 1mm diameter knock on the bezel, nothing too serious at all. The case is good quality with screw-on bezel and case back. The acrylic lens has a light scratch but is very acceptable. The signed dial has a couple of short faint hairlines towards the perimeter of the dial but you have to look closely to see them. The watch comes in a new presentation box.
