

SA697065

1920s Electa stem winding
pocket watch.

Price

Sold

Item Reference: SA697065

Date of manufacture: 1920

Description

1920s Electa stem winding pocket watch. The watch has a high grade 15 jewel stem-winding Electa movement which is working nicely. The movement is protected by an inner hinged cover engraved A Cramp. The watch measures 50.6mm diameter excluding the winding crown and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use and a couple of mild bruises to the back. The acrylic lens is in nice condition. The dial has a couple of very faint hairline cracks but otherwise it is in nice condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
