Dimensions

Height = 70 cm (27.6")

Description

A pair of large church candlesticks which we purchased in France. They came as a set of four but we are selling them in pairs. They are made from gilded metal (probably brass) and the weight bears this out. The pricket top can be unscrewed and used without, if required. The turned column culminates on a triangular base decorated with angels on each corner and lion paw feet. Height is 70cm including pricket.
