Description

1928 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The beautifully patterned movement is fully signed and the serial number 26428748 dates it back to 1928. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the 10ct gold filled Moon model from the Dennison Watch Case Company, the company supplied Waltham UK with the majority of their cases. Overall the case is in good condition, just a couple of minor bruises to the edge of the case back. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed dial is in lovely condition and has original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
