

SA698130

Antique Omega pocket watch and chain

Price

Sold**Item Reference: SA698130****Date of manufacture: 1920**

Description

Antique Omega pocket watch and chain. The watch has a stem-winding movement, identified as an Omega, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is nickel and overall it is in good condition, just some slight unevenness to the hinged back. The inside of the case back is signed with the early Omega logo. The acrylic lens is in good condition. The dial is in good condition, just a short hairline on number 1 but you have to look very closely to see it. The watch comes with a single chain, 32cm long including the T-bar and the chain. The watch and chain will be sent in a new presentation box.
