Description

A fine quality 18K gold half-quarter repeater pocket watch. An enamel dial with Roman numerals and blued steel hands. A rare feature of an 'up down' power reserve marker, often seen on marine chronometers and other purpose built watches. An 18K gold case with London hallmarks for 1872. An exceptional quality fusee mechanism with a rare half-quarter repeat feature. When the slide lever is activated, the watch will strike for the hour, each quarter and if the time is 7 1/2 minutes past the last quarter this will be struck with an extra gong. Case Width 48 mm. From Kembery Antique Clocks Ltd you can expect a genuine antique pocket watch that has been serviced with 12 months guarantee. We carefully pack and send by tracked delivery worldwide, please contact us for a quote. We are members of The British Watchmakers and Clockmakers Guild.
