Description

A good example of a large solid silver beaker or vase with flared rim and a footed base. It has an attractive lightly planished finish, particularly visible on the inside. It is a large piece and good quality, weighing approximately 367g. It is clearly hallmarked for Solomon Joel Phillips Ltd, London, 1906. It is in good condition for its age. There are no major damages and it displays beautifully. There are some faint surface marks on the exterior and interior and some minor dinks and small dents around the foot but nothing detrimental. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Tracked UK delivery £6, rest of the world £25.
