Description

Gents 1950s Leonidas triple date wrist watch. The watch has a Swiss hand-winding movement, identified as an ETA 1100, which is working nicely. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and the shaped lugs are a particularly handsome feature, it is in very nice condition. The lens is in good condition. The signed dial has day and month apertures at the top, a date pointer and moonphase. All four features are adjusted by pressing the four small buttons to the side of the case. The dial is in its original finish and there is some age related discolouration. A new leather strap has been fitted. The watch comes in a new presentation box.
