

SA698483

1920s Electa full hunter pocket watch.

Price

Sold

Item Reference: SA698483

Date of manufacture: 1920

Description

1920s Electa full hunter pocket watch. The watch has a high grade 17 jewel stem-winding Electa movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 52mm diameter excluding the winding crown and the loop. The case is gold plated, there are a couple of slight indentations / surface marking but overall the case is in nice condition for a 1920s watch. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The white enamel dial is in condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
