Description

A beautiful serpentine fronted Vienna wall clock in a walnut and ebonised case. The high quality 8 day German movement strikes on the half-hour and the hour. It has just been fully overhauled by our BHI registered staff and is supplied with our usual 12mth full parts and labour guarantee. The white enamelled dial has black Roman numerals with nicely cut hands and a subsidiary seconds dial. The brass weights and pendulum are all in very good order. This unusual case is a cut above most clocks of this type both in style and quality being made of walnut with ebonised additions. It retains it's original French-polished finish and has a wonderful age-related patina. All dimensions include finials. An absolutely pristine clock. All cards accepted.
