

SA699160

Gents 1950s Certina wrist watch

Price

Sold**Item Reference: SA699160****Date of manufacture: 1950**

Description

The watch has a signed 21-jewel automatic movement, calibre 28-45, which is working nicely. This movement was made from 1953 until 1960. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is gold plated with the thicker 40 microns of plate. There is some rubbing in places and some light surface marking. Later winding crown. The lens is in good condition. The signed dial is in its original finish with original dauphine shaped hands, seconds sweep and outer minute markers. There is faint freckling across the dial if you look closely. The watch has a later brown leather strap. The watch comes in a new presentation box.
