Description

1935 Westfield Art Deco curvex wrist watch by Bulova. The watch has a 17-jewel hand-winding movement, signed Westfield Watch Co, which is working nicely. The name Westfield was first registered by Bulova in 1917. The date code on the movement ties in with the Bulova dates codes and this particular watch can be dated back to 1935. The watch measures 20mm wide excluding the winding crown and 36mm high excluding the lugs. The case is rolled gold and it is in good condition with just light surface marking. The stainless steel case back is signed Westfield inside. The curved lens is in good condition, just a little marking / old glue remnants if you look closely. The signed dial is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
