Description

A very attractive and appealing Garniture set by the renowned maker MOUGIN of PARIS. The whole set is in lovely condition with abundant detail in design and style. The sevrès panels depict boy and girl shepherds and the urns too have male and female figures. To the top of the clock, two cherubs support a porcelain globe. The cointhian topped columns to the side of the clock are supported by figures holding a bow and arrow. The 8 day movement has a white dial with black Roman numerals and floral decoration to the centre. It strikes on the half-hour and the hour and has just been fully serviced by our BHI registered staff. It carries our usual 12 mth full parts and labour guarantee. There is too much detail on this clock for it all to be included in this description but it is a clock set that would be admired by all who see it. The dimensions shown are for the clock. The garnitures are 39cm tall by 13cm square. All cards accepted.
