Description

A stylish mantel timepiece in a chromed case, with a figured Walnut front panel. Dependable English 8 day movement with ABEC platform escapement. Running and keeping good time, but we have only lightly oiled the movement so can only offer a six months guarantee on payment of full advertised price. Chromed case has some losses to base, scratches to back and some pitting to one side but nevertheless displays very well, enhanced by its black dial and white hands. Price reflects the condition of case. Retailers name to face. Additional photographs and information available on request. FaceTime facility available. Please be aware that the item is old and antique and study any photographs to satisfy yourself as to its condition as much as possible. While we take all efforts to provide something that is fit for the use intended there may be various condition issues that are commensurate with age and considered part of its history, and are very subjective. However, you have legal rights and Consumer Contract Regulations (2014) still apply for "Distance Selling" if this is not a "face-to-face" purchase. The advertised price includes packing and postage within mainland U.K....
