Description

A lovely pine chest of drawers dating from the late 19th Century. Good quality, very well made with a smooth waxed finish and attractive light colour. They have turned wooden knobs and stand on bracket feet on a nicely shaped plinth. The drawers open smoothly having had the runners replaced and they are generally clean and tidy inside. It is in good condition and displays well. There are the usual signs of age and use, a few small marks and knocks and a few old splits but nothing detrimental. They have been cleaned and gently polished and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
