Description

A beautiful example of these ever popular wall clocks. The walnut case retains its original French-polished finish and has a wonderful age-related patina. The 7" white enamelled dial has black Roman numerals and nicely cut black hands and a subsidiary seconds dial. It is totally free of any chips, cracks or crazing. The brass pendulum and weights are in excellent order. The 8 day movement strikes on the half-hour and the hour. It has just been fully overhauled by our own bhi registered staff and carries our usual 12mth full parts and labour guarantee. A very smart clock. All cards accepted.
