Description

Antique Arts & Crafts corner settee in sold walnut & in good original condition. It even has a William Morris design fabric on the seat, which I shouldn't think is original, but is never-the-less perfect for this piece. This settee is not quite symmetrical, because one side is designed longer than the other. I particularly like the way the arms slope down & have wedge shaped ends. The previous owner bought this settee from Liberty of London about 30 years ago for a lot of money. I'm not sure who the maker was, but it is good quality & dates to around the 1880-90's period. Width – 43 inches, 109 cm Depth – 35 inches, 89 cm Height – 41 inches, 104 cm Seat height – 15 inches, 38 cm
