

SA703992

Antique Swiss silver pocket watch & chain, 1904

Price

Sold**Item Reference: SA703992****Date of manufacture: 1900**

Description

Antique Swiss silver pocket watch & chain, 1904. The watch has a nicely jewelled key-wound movement which is working well. A winding key is included. The movement is protected by an inner hinged cover. The watch measures 53mm diameter excluding the stem and the loop. The case is silver and has Birmingham hallmarks for 1904 with the makers mark for the Dennison Watch Case Company. The case has light surface marking from use but overall it is in nice condition for a n early1900s watch. The glass lens has light surface. The white enamel dial has slight nibbling to the outer edge at 4 and 10 o'clock and an old repair to the outer edge at 4 o'clock although mainly under the bezel. The watch comes on a silver plated albert chain. Each of the longer chains measure 25cm including the T bar and clasp. The watch and chain will be sent in a new presentation box.
