Description

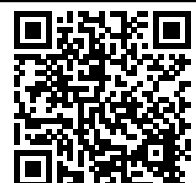

Large antique neoclassical French gilt metal brass & tole table lamp in excellent original condition. It's a very impressive lamp with some fine details & I would date it to around the 1910-20's period. Please check out & enlarge all the images, because there are many fine details to look at. The bottom inside base & the shade are toleware in a shade of dark green. I particularly like the way the shade is decorated with applied gilt metal rosettes. The shade also has a rise & fall adjustment. This lamp has been re-wired with triple gold flex cable since it was photographed. Width - 14 inches, 36 cm Depth - 14 inches, 36 cm Height - 30 inches, 76 cm
