Description

Dating from the early part of the 20th Century, this circular French table is raised on a very decorative wrought iron pedestal and four curving legs. The table retains traces of the original paint and has a central hole to house a parasol. This table will seat 6 comfortably. The condition is good, the table is robust and stable with no wobbles. There is a very slight undulation of the top, this only adds to the character of this very decorative table. A super table to place in a garden, conservatory or create a very unique dining room. c.1920 Diameter: 47" (119.5cm) Height: 28" (71cm)
