Description

A good example of an antique Sterling Silver milk or cream jug. It has a bulbous shape with elegant scrolling handle, wavy rim and three feet. The jug is stylish and good quality, weighing approximately 122g. It is hallmarked for Robert Pringle & Sons, London, 1908. The hallmark is slightly rubbed but still distinguishable. It is in good condition for its age. There are some faint surface marks and small dinks around the body and a few of the feet are slightly bent but nothing detrimental and it still displays well. It has been gently cleaned and polished is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Tracked UK Delivery £5, rest of the world £15.
