Description

The watch has a 15-jewel hand-winding movement, stamped Made in England, which is working nicely. The watch measures 32mm diameter excluding the winding stem and the loop. The case is chrome plated and there is a little rubbing and some marking but overall acceptable for a 1950s watch. The lens is in good condition. The signed dial is in its original finish with original hands, subsidiary seconds dial and outer minute markers. There is a scratch between 1 and 2, and a lighter mark by number 9. A new leather strap has been fitted. The watch comes in a new presentation box.
