Description

Antique Victorian Bentwood hat & coat stand in good original condition & lots of character. The top section spins around, which makes it very practicable & it can also be detached for easy transportation. This stand has the traditional beehive shaped top finial, a strong shaped centre column with plenty of bent beech arms, legs & other decorative curves. There are plenty of arms for coats & hats, while there are gaps at the bottom for sticks & umbrellas. This is one of the better quality examples of these bentwood stands & I would date it to around the 1890 period. Width – 28 inches, 71 cm Depth – 19 inches, 49 cm Height – 79 inches, 201 cm
