Description

Antique 1918 Waltham pocket watch. The watch has a stem-winding movement, grade 610, which is working well. The movement is fully signed and the serial number 21913769 which dates it back to 1918. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding crown and the stem. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has some light wear to the edges and a couple of small "dings" to the edge but overall it is in nice condition for a 1918 piece. The acrylic lens is in nice condition. The signed white dial has a couple of very faint hairline cracks although not noticeable to the naked eye, but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
