## Description

Antique 1920s silver H Samuel "Acme Lever" pocket watch. The watch has a stem winding movement which is working well. The movement is stamped 10 jewels, Swiss made. The movement is protected by an inner hinged cover which has some surface scratches from use. The watch measures 50.6 mm diameter excluding the winding stem and the loop. The case is silver and has London import marks for 1927 with the importers mark for H Samuel. The inner dust cover has various medals and is signed Acme lever. The case has light surface marks from use and a mild unevenness to the back and a "ding" to the front bezel although very acceptable. The acrylic lens has minor surface marking from use. The dial is signed Acme lever, H.Samuel, Manchester with Swiss made at the bottom. The dial has a couple of very faint hairline cracks although hardly noticeable. The watch has its original gold hands. The watch will be sent in a new presentation box.
