Description

1903 Waltham Riverside pocket watch. The watch has a 17-jewel stem-winding movement, Riverside grade, which is working nicely. Church 1892 patent regulator, Breguet hairspring and gold jewel pallets. The movement is fully signed on the patterned plates and the serial number 13,026,374 dates it back to 1903. The watch measures 47mm diameter excluding the winding stem and the loop. The case is gold filled and was made by the Kentucky watch case maker Wadsworth. Engine turned detail to the front of the case while the hinged case back is also nicely decorated although the pattern is a little rubbed. The glass is in good condition. The signed dial is in beautiful condition and has blued steel hands. The watch will come in a new presentation box.
