Description

Gents 1960s Avia wrist watch. The watch has a 15-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is chrome plated, rather than the more common gold plate, and the front is in good condition. There is some pitting and marking to the back of the watch. The signed case back is stainless steel. The lens is in good condition. The signed dial is in lovely original condition. A new leather strap has been fitted. The watch comes in a new presentation box.
