Sold**Item Reference: SA709273****Date of manufacture: 1960**

Description

Gents 1960s MuDu Doublematic automatic wrist watch. The watch has a good quality 25-jewel automatic movement, Felsa 4007N for MuDu, which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated and it is in good condition. The signed case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in its original finish with original hands, seconds sweep and date display (early quickset between 12 midnight and 9pm). A new leather strap has been fitted. The watch comes in a new presentation box.
