Gents 1950s Curtiss wrist watch by Bulova

Price

Sold**Item Reference: SA709363****Date of manufacture: 1950**

Description

Gents 1950s Curtiss wrist watch by Bulova. The watch has a good quality 30-jewel automatic movement, a Felsa 1560, which is working nicely. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is rose gold plated and it is in good condition with just minor marking. The case back is stainless steel... it states that the watch is waterproof but, as with any vintage watch it should be kept away from water and moisture. The lens is in good condition. The dial is signed Curtiss, a brand name registered by Bulova with the aim of taking a bigger slice of the market. The dial is in lovely condition and it has its original dauphine shaped hands, seconds sweep and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
