Description

Are you looking an heirloom antique, which is useful, absolutely beautiful and the perfect wedding gift? Look no further, you have succeeded! This late 19th century figural and reticulated solid silver frame is mounted on a navy blue velvet backing with easel stand. Being so ornate, the British silver hallmark is hard to find amongst the ornate decoration, it is at about 4 o'clock, and dates the piece to 1892 and struck in the London assay office. The glass is in place to protect your most precious photograph. Of course, what makes this one stand out is the unusual horse shoe shape ... even more perfect that special picture for an horse lover to enjoy. At the base there is a vacant cartouche, which could be initialed for that personal touch. Item ID: 22459 ----- FREE Worldwide Registered Airmail, Insurance Optional.
