Description

An attractive set of leather-bound 19th century books — 23 in total; the run with a total width measuring 3' 2". Each volume is bound in medium to light tan leather, with gold tooling and a red panel to the spine. The condition can be easily seen in the photographs; at over 160yrs old they are not perfect but they give an impressive display on the bookshelf. They date from the 1850s.
