Description

This wonderful vintage duck ice bucket is by Italian designer Mauro Manetti and is made of silver plated metal. The duck dates from the 1960's, comes complete with it's original fitted metal liner and is a nice heavy item of 1960's Italian design. This ice bucket looks amazing on display, is a great talking piece and a fun item to use at home, in a hotel or bar. Would also make a unique collector's piece for a barware collector. Condition: Very good used vintage condition with some light signs of use in keeping with age.
