Description

Antique Waltham full hunter pocket watch, 1913. The watch has a stem-winding movement, Traveler grade which is working well. The fully signed movement has the serial number 19209328 which dates it back to 1913. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, the company made the majority of cases for Waltham UK. The case has light surface marking from use and the odd small "ding" but overall it is in nice condition for a piece of this age. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in nice condition. The signed dial has several although they are difficult to see with the naked eye. Original blued steel hands. The watch will be sent in a new presentation box.
