Description

Gents 9 carat gold Cyma wrist watch, 1966. The watch has a Swiss hand-winding movement, a Cyma R486, which is working nicely. The movement is fully signed with the Cyma name. The watch measures 34.5mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1966 together with the Cyma name. The case back has a little unevenness and the odd mark. The lens is in good condition. The signed dial is in its original finish, again there is the odd minor mark but nothing too serious. A new leather strap has been fitted. The watch will be sent in a new presentation box.
