Description

Fabulous pair of large antique Swedish deep buttoned leather armchairs still in the original leather, full of character & extremely comfortable, dating to around the 1890 period. Right now, we also have the matching sofa on a separate listing & it would make a wonderful set if one has the room. We are adding some images of the matching sofa on bottom of this listing image gallery, but please also go to the sofa listing to see more images & visa versa. I can't stress enough how comfortable these chairs are. Having the deep curved backs with plenty of back support helps & so does all the original stuffing under the leather. The leather itself has all been professionally hand polished & colour enhanced. There is no damage to the leather, only natural ageing. The leather is hand studded on to the frames. I don't think these will hang around long, because they are one of the nicest leather chairs I've had. Please enlarge all the images to see the fantastic colour & details. Width - 33 inches, 84 cm Depth - 33 inches, 84 cm Height - 34 inches, 87 cm Seat height - 17 inches, 43 cm
