## Description

A good straight sided copper log bin/planter with riveted seams and brass swing handle. There is a short piece of copper missing from the inner rim, this does not effect the useage of this antique bin and can clearly be seen in the photographs. The bin is a good size and other than the above mentioned, is in good condition. A very decorative item to use as a planter or log bin. c.1870 Height: 11" (28cm) Diameter: 12.5" (32cm)

Internal Ref: D652
