## Description

This is the best set of chemist drawers we've ever seen - thought to be French, early 1900s-1920s. Original writing and colour painting, glass handles - all in beautiful condition. The top has shelves. The whole cabinet has been divided into three separate sections, two of which have now been sold. We think it would be perfect for any shop, gallery, museum, and beyond. We're able to hire out our item as well as sell - feel free to contact us about our rentals. Middle section still available. W: 647cm (254.7")H: 272cm (107.1")D: 32cm (12.6")
