Description

Very large impressive pair of French antique marble & gilt bronze table lamps in working order, because they have just been re-wired. They are in excellent condition & the gilt bronze is very finely detailed. Not sure of the exact age of these lamps, but they do look quite old, especially on the bases & underneath where the metal has gone a bit green. I would date them to around the 1910-20's period, but I'm not 100% sure, they could be a bit later. The handles are in the form of swans heads & necks. There are also a lot of floral designs around the main marble, so please enlarge all the images to see all the fine details. Height : 66 cm Width : 23 cm Depth : 20 cm
