Dimensions

Height = 10 cm (3.9")

Width = 10 cm (3.9")

Depth = 10 cm (3.9")

Description

Superb original condition, professionally serviced with 12 month warranty. Everything about this watch is totally original, the diameter is 34mm without the crown. The all original untouched black dial has aged beautifully by years of intense tropical sunlight, lighter around the centre and darker at the perimeter just as you would expect. The gilt lettering is still clean and intact. The unpolished untouched case has only been ultrasonically cleaned. It has its original flat foot Omega crown and we even managed to salvage a polish the original glass. The movement is spotless and clean and professionally serviced with no signs of it ever having moisture in the case. There are lots of service marks inside the back of the case. This is a watch that has been cared for and serviced regularly its whole life. This is an incredibly rare watch and much sought after by collectors.

Internal Ref: omega seamaster tropical
