Description

Good 18th century Georgian solid elm dough bin of a lovely colour with original patination. All original condition with lift off flat lid, the lid with nicely moulded edge. The bin stands on square legs united by stretchers with a nicely moulded base mould to the bin. Originally it had a division inside down the middle which is now missing but could be put back if required. The dough bin is in very good condition for its age, there are a couple of minor nicks to the edge of the lid but that is being super critical. The bin is a gorgeous colour with leathery waxed finish. SIZE; 42" wide by 18" deep by 30" high CIRCA; 1780 - 1790
